- (a) Interest earned on advances. Interest earned on advances of Program funds at the State and local levels shall be treated in accordance with the provisions of 31 CFR Part 205, which implement the requirements of the Cash Management Improvement Act of 1990. However, State agencies will not incur an interest liability to the Federal government on rebate funds for infant formula or other foods, provided that all interest earned on such funds is used for program purposes.

Money received by the State agency as a result of civil money penalties or fines assessed against a vendor and any interest charged in the collection of these penalties and fines shall be considered as program income.
